Availability is subject to change. The rate(s) provided are valid for 5 business days. We setup suites when and where our guests need them. If there is an alternate community in which you are interested, let us know. Criminal background check may be required.

We have been providing furnished apartments for team members while they are working away from home on project assignments for over 13 years. Our furnished apartments can include all the amenities (kitchenware, bed and bath linens, cable television, Internet, telephone service, cleaning service, etc.) of home, near the project site. We custom tailor our suites to meet your needs. Services for the proposed suite(s) are listed above. We handle every detail, creating a smooth transition for all team members. No more hassle with checking in and out of hotels -- they have a place of their own to leave their personal belongings. Project Managers find comfort and ease in working with us and knowing their team is enjoying quality service and comfortable accommodations while working on the project. Those in Accounting benefit from our custom-tailored invoicing and reporting to meet their specific needs.

We look forward to creating a living experience that exceeds your expectations and appreciate the opportunity to provide our services for you.
